

A SUCCESSFUL PROGRAM

Atarget Revision and WACE Exam Preparation tutorials have a history of successfully supporting students to achieve their academic objectives. To view the students evaluations of past programs see the 'Program Feedback' tab at mastermindaustralia.com.au

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent. If you are interested in knowing the names and backgrounds of the staff engaged for these classes simply ring or email the offices of Master Mind Australia.

DO BETTER.**

SEPTEMBER HOLIDAY PROGRAM

The September Program is open to students from all Western Australian schools and will be held on the Christ Church Grammar School campus in the first week of the holidays.

THIS PROGRAM INCLUDES:

Subject Revision: The classes consist of nine hours of teaching broken up equally into one session a day for the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their exams.

ATAR EXAM PREPARATION

The tutorials commence with a focus on revision of specific topics followed by a discussion on how this material is assessed in ATAR-style exam questions. There is sufficient time within the nine hours for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our ATAR teachers know what needs to be addressed to ensure students achieve success in their final examinations.

PROGRAM OBJECTIVES

By the September holidays some students have completed their final school exams while others will be in their last week of preparation before they commence this last school-based assessment. And all students will eventually be preparing for their final exams in November. This program aims to re-teach strategies on how to approach ATAR-style questions in order to create successful responses that will be fully reward by the marker. This is fundamentally a teaching program, but there will be an opportunity for students to independently work through exam questions under the guidance and supervision of their instructors.

Class sizes are small. The classes will be established with 4 students and capped at approximately 12 which gives participants an opportunity to work one-on-one with their teacher to solve individual problems and concerns.

Each of the teachers engaged to deliver these classes creates for the program a comprehensive set of materials that includes study tips and strategies, revision notes, and examples of ATAR-style questions with their solutions.

LOCATION

The program will be delivered in the classrooms of S Block on the Christ Church Grammar School campus. All students who enrol into the classes will be emailed a map so that they can easily locate this building. Students can determine their room number simply by scrutinising the roles that are displayed in the S Block foyer. And of course, there will be two administrators on hand to solve any problems or concerns that you might have.
